REVENUE DEPARTMENT.

Bombay Castle, 9th December 1870.

Memorandum from the Commissioner in Sind, No. 3,313, dated 14th November 1870—Submitting, together with copy of a report from the Collector of Customs, Kurrachee, fifty copies of the local annual volume of Trade and Navigation for the Province of Sind for the year 1869-70.

Memorandum from the Commissioner of Customs, Salt and Opium, No. 4,084, dated 26th November 1870—Reporting on the above.

RESOLUTION.—The total value of the import and export trade of Sind for the year 1869-70 amounted to Rs. 4,15,70,439, being less than that of the previous year by Rs. 9,99,867, while the net revenue, after deductions on account of drawback and refund of duty, amounted to Rs. 4,44,145, or Rs. 63,411 less than that of the previous year, and Rs. 27,500 less than that of 1867-68.

2. As compared with 1868-69 there appears a decrease in the value of merchandize imported to the amount of Rs. 10,62,338, and of treasure imported to the amount of Rs. 2,00,202, making a total decrease of Rs. 12,62,540 in value of imports. The export returns, on the other hand, show an increase of Rs. 1,99,277 in the value of merchandize, and of Rs. 63,396 of treasure, giving a total increase of Rs. 2,62,673 in the value of exports.

3. The decrease in the general value of the trade is attributed to diminished imports in cotton piece goods, iron, and railway material, and the decrease of revenue is chiefly due to a falling off in the importation of cotton goods, and in the exportation of grain and oil seeds.

4. The value of the entire trade with the United Kingdom is less than in 1868-69 by Rs. 23,85,809, composed of 12,97,931 imports, and 10,87,878 exports, owing to diminished importation of coal, cotton goods, and railway material, and a smaller exportation of cotton and wool.

5. There is a decrease of Rs. 4,33,624 in the value of imports into the Province from the Port of Bombay. Of this sum three lakhs represents foreign merchandize.

6. The export of cotton to China has largely increased since 1867-68, in which year the trade commenced with a value of Rs. 2,02,000. In 1869-70 the value amounted to Rs. 25,22,197, and in the current year, the Collector reports, it has already reached Rs. 40,52,125.

REVENUE DEPARTMENT.

Bombay Castle, 1st November 1871.

Memorandum from the Commissioner in Sind, No. 2,554, dated 30th August 1871—
Submitting copy of a report by the Collector of Customs, with fifty copies of the
Annual Statement of Trade and Navigation of the Province of Sind for 1870-71.

Memorandum from the Commissioner of Customs, Salt and Opium, No. 3,410, dated
30th September 1871.

OBSERVATION.—It is not necessary to repeat the full details of the Commissioner's review of this report which is not encouraging, the trade of Sind having declined nearly 37 lacs of rupees in value in two years, and the Customs revenue having fallen during the same period no less than Rs. 1,64,547. Of these figures the portions for the year under report are nearly 27 lacs and 1 lac respectively.

2. The present decrease on the former account is attributed to diminished importation of "liquors, steel, iron, machinery, provisions, and oilman's stores, spices, tea, timber and wood, and cocoanuts." That on the latter account is stated to be due to less importation of "cotton piece goods, wines, and spirits, metals, provisions from the United Kingdom, and to less exports of grain and pulse to Cutch and Kattyawar, and indigo to the United Kingdom."

3. These results may be chiefly in consequence of the general depression of trade, but it is just possible that the Punjab has now ceased to receive light dutiable stores *via* Kurrachee, and, if this be so, although the general trade may recover itself, the collections of Customs revenue in Sind will be permanently less to whatever extent such transfer of consignment may take place.

4. It is satisfactory to note the growth of the cotton trade with China.

Chief Secretary to Government.

TRADE REPORT OF THE CUSTOMS DEPARTMENT, SIND.

FOR THE YEAR 1871-72.

The total value of the external trade of Sind for the year ending 31st March 1872 amounted, in imports and exports, to Rs. 4,14,70,609 against the returns for the previous year of Rs. 3,83,84,783, shewing an increase for the period under review of Rs. 25,85,826, which increase is however chiefly due to Government treasure shipped to Bombay.

IMPORTS.

The import trade for 1871-72 shews a decrease of Rs. 1,55,640 as compared with that of the previous year as follows:—

Imports of Merchandize	Rs. 1,63,27,623
Imports of Treasure	Rs. 3,69,855
Total of Imports.....	Rs. 1,66,97,478

against 1870-71.

Imports of Merchandize.....	Rs. 1,83,05,260
Imports of Treasure	Rs. 2,47,858
Total of Imports.....	Rs. 1,85,53,118

or ten per cent. below the import trade of last year.

3. This falling off is to be accounted for by the diminished importation of cotton goods, raw silk, grain, dates, wearing apparel, tea and metals, amounting in the aggregate to Rs. 27,46,461, on these articles alone.

4. A large proportion of our import trade has been diverted via Bombay by the opening up of the direct route to the North-Western Provinces and the Punjab by the Jubbulpore line of Railway; and the Suez Canal. Little improvement can be looked for in trade until the completion of the Indus Valley State Railway, which will place Karachi in direct communication with the Capital of the Punjab; this, together with the improvements to the Harbour now being carried out, will undoubtedly have a beneficial effect upon the future import trade of this Port.

5. The famine which raged throughout the year in the Provinces bordering the Persian Gulf has seriously affected the imports in grain and dates, causing a falling off in the returns of Rs. 10,73,407 and Rs. 1,46,767 respectively. This, together with the low prices of grain ruling in the local market, offered little or no inducement to traders at this Port.

6. The supply of-hill tea from the Punjab and the North-Western Provinces has so successfully competed with the foreign article, as to check its imports to the extent of Rs. 1,15,401.

7. There has been a small decrease in copper, iron and steel, owing to the overstocked market from the previous year's imports, which has now been cleared off, partly by sale and partly by re-exports to Bombay. The imports in these articles are now again being resumed, and a brisk trade for the current year may be anticipated.

8. The chief items of increase in imports are cocoanuts, machines and machinery, ivory, seeds, spices, and sugar and saccharine matter, amounting to Rs 12,66,665, also treasure, Rs. 1,21,997 from the Persian Gulf, which is due to larger exports of grain to the famine-stricken Ports in the Gulf, for which no corresponding return of merchandize could be made.

9. The large increase in the imports of cocoanuts, namely Rs. 3,13,214, was on account of a great demand for this article in the interior. The supply of the preceding year having been inadequate.

10. Machines and machinery shews an increase amounting to Rs. 5,36,740, which was principally owing to extensive importations for Railway purposes; and to Native States in the interior.

11. The climate of Karachi has hitherto seriously interfered with the storage of sugar in large quantities, but the Merchants now find that it is more to their advantage to keep a larger stock on hand than, as before, warehousing it in Bombay, in consequence of which rates were reduced and an increased consumption was the result. This, together with the low rates ruling in the Mauritius markets, has caused an increased importation of this article by Rs. 2,17,346.

12. *Spices*.—There has been an unaccountable demand for this article during the year under review, principally for consumption in the interior.

13. There has also been an increase of imports of ivory in transit to the interior.

14. The increase of seeds, in value Rs. 70,286, is principally owing to large imports from Senneanee for re-exportation to Europe, where high prices were ruling. The bulk of this article having in previous years found its way into Karachi by land.

EXPORTS.

15. The total value of exports and re-exports for the year under review, not including treasure, exceeds that for the previous year by Rupees 19,36,808, as follows:—

	Merchandise.	Treasure.	Total.
1871-72.....	Rs. 221,81,133	Rs. 25,91,998	Rs. 247,73,131
1870-71.....	Rs. 202,44,325	Rs. 87,340	Rs. 203,31,665
Excess for 1871-72.....	Rs. 19,36,808	Rs. 25,04,658	Rs. 44,41,466

16. This increase is owing chiefly to the increased exports in grain and pulse (Rs. 33,78,608), the exports of which were stimulated by excessive prices prevailing at Ports in the Persian Gulf, as also in Kutch, Kattywar, Bombay and the Mauritius. Raw wool, valued at Rs. 23,54,966, hides and skins at Rs. 4,96,236, owing to the very high prices ruling in Europe. The increase in treasure is on account of exports by Government to Bombay amounting to Rs. 25,00,000.

17. The circumstances already suggested in para. 4 as having apparently in certain commodities injuriously affected the import trade, have doubtless also similarly affected the export trade, particularly in raw silk (Rs. 2,58,418), woollen goods (chiefly shawls) Rs. 48,744, and tea Rs. 31,750.

18. The exports in animals, horses (Rs. 1,31,140), dry fruits (Rs. 51,084), and provisions, ghee, (Rs. 13,19,152), shew a large decrease, entirely owing to the disturbed condition of our Frontier.

19. The decrease in ghee is also owing to a large extent to the heavy droughts of the past two years. To this cause is also to be attributed the falling off in oil-seeds (chiefly gingelly) Rs. 1,31,841, and indigo Rs. 1,20,892.

20. The exports in raw cotton fall short by Rs. 20,35,496, owing to less exports to Hongkong. Comparing the average quantity and value of cotton exported for the preceding six years with the year under notice, the result is in favor of the latter in quantity to the extent of lbs 21,47,873, but against it in value, amounting to Rs. 4,02,708. This decrease in value is to be attributed to the very great fall in price after the Franco-Prussian war; before the war, prices ranged from Rs. 26 to 28, falling afterwards to Rs. 16 to 18 per maund.

21. The trade at this Port during the last 20 years has been hopefully progressive, in spite of many drawbacks,—the still unfinished improvements to the Harbour works, the missing link still wanting, and irrigational projects far below the requirements of the country. The measures which have been taken for these works hold out hopes of a permanent and lasting improvement to the future trade of Karachi.

Karachi Custom House,
17th September 1872. }

W. F. CARY,
Acting Collector of Customs.

5. In the value of Imports in "Hides and Skins" there is a total increase amounting to Rs. 158,965 over the value of the Imports in the previous year of 1871-72, namely from the Persian Gulf Rs. 13,225, from Bombay Rs. 144,090, and from other Ports Rs. 1,650. The Imports of "Hides and Skins" from Bombay were made during the rains in the months of July, August and September 1872, for the purpose of being cured in the drier climate of Kurrachee previous to Export to Europe. The increase from the Persian Gulf was on account of greater demand at this Market for exportation to Europe.

6. JUTE MANUFACTURES OF.—The value of the Imports in Gunny Bags for 1872-73, exceed the value Imported in the previous year of 1871-72, by Rs. 1,64,432. Owing to the increased demand for Gunny Bags for the purpose of Exporting Grain to the United Kingdom and other Countries, also in anticipation of extensive Exports in Oil Seeds during the current year.

7. The Imports have been chiefly from Calcutta and to some extent from Bombay.

8. PROVISIONS AND OILMAN'S STORES.—The value of Imports in Ghee from the Persian Gulf for 1872-73, exceed the value of the Imports in 1871-72 by Rs. 37,769, arising from improved demand at this Market owing to the absence of rain in this Province.

9. IRON.—The increase in the value of Imports of Iron amounts to Rs. 1,33,213 in excess of the value Imported in the previous year of 1871-72, which is due to a favorable Market and to the large stock of Importations of preceding year having been cleared partly by sale for the interior and partly by re-export to Bombay.

10. TIMBER AND WOOD.—The increase in the value of Imports of Timber and Wood amounts to Rs. 92,515 in excess of the value Imported in the previous year of 1871-72, mostly from Bombay and Malabar.

11. COTTON GOODS.—There is a small increase of Rs. 51,644, in the total value of Imports of Cotton Piece Goods, although the value of direct Imports from the United Kingdom is less by Rs. 2,87,857, than that of the previous year. The value of the Imports of Cotton Piece Goods from Bombay is in excess of the value of the Import in the previous year by Rs. 3,39,292. There is also an increased Import of Cotton Twist entirely from Bombay amounting to Rs. 1,17,966. The following Statement exhibits the result of the year 1872-73 contrasted with the previous one of 1871-72, Showing Foreign Cotton Goods and Country made Cotton Goods separately.

	Foreign Cotton Goods.		Country Cotton Goods.	
	1872-73.	1871-72.	1872-73.	1871-72.

Twist	3,85,815	2,93,754	49,574	23,669
Total Rs... ..	74,66,063	75,85,294	9,57,385	6,68,544

12. SPIRITS.—The value of Spirits Imported is Rs. 1,42,869 in excess of the value of the Imports in the previous year, said to be owing to dealers Importing Spirits as Portuguese Goods at 2½ per cent. duty through the Portuguese territory of Damann into Surat and thence to Bombay and Sind for the purpose of evading the Government rate of duty, namely Rupees three per Gallon. The firm privilege permitting Portuguese Goods to pass at 2½ per cent. duty having ceased under Government Notification dated the 26th July and the 8th of November 1872, the facilities for obtaining Spirits through Surat at a low rate of duty no longer exist.

13. The following are the principal Articles in which there is a decrease in the value of Imports, namely Cocoanuts, value Rs. 94,492 less Imported in 1872-73 in comparison to the previous year of 1871-72. The following figured Statement shows the Importation for the last six years.

	Rs.
For 1867-68	3,46,482
1868-69	3,49,174
1869-70	3,45,636
1870-71	1,45,604
1871-72	4,58,818
1872-73	3,64,326

14. Sugar falls short of the value Imported in the previous year 1871-72 by Rs. 34,473, said to be in consequence of the Stock in hand of the previous year.

15. Machines and Machinery less Imported in value Rs. 3,81,364 from less Imports for Railway purposes.

16. In Imports of Grain there is also a decrease in the value Imported in 1872-73 in comparison to that Imported in 1871-72 amounting to Rs. 1,63,606 from less Imports of Bengal Rice, chiefly direct from Calcutta. This is accounted for in some degree by an Over-stocked Market from previous Imports, and by a very large produce of Grain in the Province of Sind itself for 1871-72 and 1872-73, the Exports of which beyond the Province amounted for these years in value to upwards of forty and forty-one Lacks of Rupees respectively against under thirteen Lacks and six and half Lacks for 1869-70 and 1870-71, years of scanty produce.

17. SEEDS.—In seeds the value of the Imports is less than in the previous year of 1871-72, from less Imports of Rape Seed by Sea from Sonmancee and the Mekran Coast owing to the disturbed state of the Country.

18. SILK, RAW.—There is a decline in the Imports of Raw Silk compared with the previous year in value amounting to Rs. 96,594, owing to the facilities now afforded by direct communication by Rail between Bombay, the Panjab and North-west Provinces. The following figures exhibit a comparison of the value of this trade during the last five years.

	Rs.
1868-69	6,95,130
1869-70	7,33,278
1870-71	6,50,050
1871-72	2,94,794
1872-73	1,98,200

GENERAL REMARKS—continued.

19. COPPER.—There has been a decrease in the value of Imports in Copper amounting to Rs. 1,04,939 in comparison to the Imports in the previous year of 1871-72, due no doubt in a measure to the direct communication from Bombay by Rail, above referred to.

20. TEA.—The Imports in Tea, mostly China, Imported by Afghan Merchants have fallen off in value from Rs. 8,20,609 in 1869-70 to Rs. 302,193 in 1870-71, and from Rs. 1,86,792 for 1871-72 to Rs. 1,12,808 for the year under review owing to the competition in Indian Hill Teas.

21. The decrease in Treasure Imported from Persian Gulf amounts to Rs. 88,491 which is in a measure counter balanced by an excess in the value of Merchandise Imported in 1872-73 from the Persian Gulf, namely Rs. 68,165.

EXPORTS.

22. The total value of the Sea-borne Trade in Exports for 1872-73 falls short of that for the previous year by Rs. 23,55,366 or a little less than one quarter of a Million Sterling. The decrease is on account of reduced Exports in Raw Cotton, Oil Seeds and Indigo, amounting in the aggregate to Rs. 31,41,961. In the Exports of Treasure there is a decrease amounting to Rs. 25,02,200 owing to no Government Treasure having been Exported to Bombay as in the previous year as shown below:—

	1872-73.	1871-72.	Increase in 1872-73.	Decrease in 1872-73.

24. COTTON RAW.—The general depression of the Cotton Market in Europe and the uncertainty attending it are the principal causes of the decreased Exports for the year 1872-73, which fall short of the value of the Exports in the preceding year by Rs. 18,94,811.

25. The following figured Statement shows the quantity and value of Raw Cotton exported during the last ten years.

YEARS.	Quantity.	Value.
	lbs.	Rs.

1871-72	215,40,445	62,66,055
1872-73	149,16,129	43,71,244

26. INDIGO.—The decrease in the value of Indigo Exported amounting to Rs. 4,01,029 as compared with the preceding year of 1871-72, may be accounted for by a dull Market in Europe.

27. OIL SEEDS.—The falling off in Oil Seeds for the year 1872-73 is owing to the scarcity of rain.

28. In the previous year of 1871-72 the produce was much below the usual quantity. The value of Exports for the year 1872-73 falls short of the value of the Exports in the preceding year of 1871-72 by Rs. 8,46,121.

29. From the heavy Shipments now being made to Europe the Trade in this Article for the current Official Year will no doubt surpass that of any previous years.

30. OILS.—Also show a decrease of Rs. 56,064 due to causes noted against "Oil Seeds."

31. PROVISIONS.—The Export Trade in Ghee shows no improvement. The decrease is owing to the want of rain.

GENERAL REMARKS—continued.

32. METALS.—In Metals there have been decreased Exports contrasted with the preceding year of 1871-72 in value amounting to Rs. 45,487, in consequence of a large quantity of Iron—a portion of an Over-stocked Market having been Shipped in the previous year to Bombay to a more favorable Market.

33. ANIMALS, LIVING.—There have been increased Exports in Horses to Bangalore on the Malabar Coast during the past year of 1872-73 to meet the demand arising from very diminished shipments in the preceding year.

Number and value of Horses Shipped in.			
1872-73.....	No. 811.....	Rs. 3,71,010	
1871-72.....	" 352.....	" 1,76,960	
Increase in 1871-72	459		1,94,050

34. HIDES AND SKINS.—Exports in 1872-73 have been stimulated by enhanced rates prevailing in Europe. The result has been a large increase in the value over the preceding year of 1871-72 amounting to Rs. 5,55,599. They also exceed the value of the Exports of any preceding years.

35. Comparing the Exports for the past year of 1872-73 with the average value of the Exports for the last five years, the difference is in favor of the former, the past year, amounting to Rs. 10,12,132.

36. GRAIN AND PULSE.—Exhibit increased Exports in value amounting to Rs. 1,13,049, attributable to the heavy Exports of Sind Wheat for the first time to the United Kingdom.

37. Wheat is still being Shipped to Liverpool and there is every reason to believe that the Exports for the Current Official Year will also be large. It was exempted from duty by Government Notification, No. 41, under date the 4th January 1873.

38. The Exports in Grain and Pulse for 1872-73 to the Persian Gulf show a decrease in value amounting to Rs. 6,89,823 thereby indicating the disappearance of famine in Persia.

39. The excessive Exports to the Gulf in the previous year of 1871-72 were to meet the pressing demands arising from famine.

40. SALTPETRE.—The Exports in this Article improve slowly and exhibit an increase of Rs. 45,648 over the previous year of 1871-72.

41. The total value of the Exports of Saltpetre for the past year of 1872-73 exceed the average value of the Exports for the last five years by Rs. 80,214.

42. RAW WOOL.—Shows a slight decrease in the value of Exports amounting to Rs. 62,129 compared with the previous year of 1871-72. Contrasting the average value for the last five years with the value of the Exports for the year under review, the result is in favor of the latter, the year 1872-73, to the extent of Rs. 19,84,283, which is very favorable.

GENERAL TRADE.

THE declared value of the whole Sea-borne Trade of the Province of Sind during the year 1873-74 in Imports and Exports from both Foreign and Indian or Home Ports, including State Railway Material and Treasure, shews favorably when contrasted with that of the preceding year of 1872-73, the increase being Rupees 29,45,288 or £2,94,528 as exhibited below:—

Grand Total...	396,34,848	366,39,560	29,45,288	...

The total declared value of Merchandise Imported and Exported for 1873-74 as compared with the previous year amounting to Rs. 12,58,384, but this is more than met by the increased value of the total Exports of Merchandise which is in excess of the previous year of 1872-73 by Rs. 14,63,893.

In the declared value of Imports of Merchandise alone there is a decrease for 1873-74 as compared with the previous year amounting to Rs. 12,58,384, but this is more than met by the increased value of the total Exports of Merchandise which is in excess of the previous year of 1872-73 by Rs. 14,63,893.

The declared value of Imports of State Railway Material for the Indus Valley Railway now under construction, has increased from Rupees 74,924 in 1872-73 to Rupees 17,38,334 for 1873-74.

The increase in Treasure, namely, Rupees 10,76,869 is owing to larger Exports to Bombay on account of Government.

Comparing the total value of the External Trade of Sind for the year 1873-74 both in Imports and Exports including Treasure with the average total value of the trade for the preceding six years, there is a net decrease amounting to Rs. 13,98,036 against 1873-74, the year under review.

IMPORTS.

The declared value of all Imports by sea into the Province of Sind from Foreign and Indian Ports, of Merchandise, State Railway Material and Treasure (not including Government Stores) amounted for the year 1873-74 to Rs. 1,72,75,410 against Rs. 1,67,73,995 for the corresponding period of the preceding year, shewing an increase for 1873-74 amounting to Rs. 5,01,415.

* **COTTON GOODS.**—The declared value in Imports of Cotton piece-goods contrasted with the preceding year of 1872-73 is less by Rs. 8,21,660, owing to diminished Imports direct from the United Kingdom in value amounting to Rs. 3,82,023, and from Bombay in value amounting to Rs. 4,39,597.

COTTON TWIST AND YARN.—Shew an increase in the declared value of Imports in 1873-74 over the preceding year of 1872-73 amounting to Rs. 23,540.

COCONUTS.—The declared value of Imports have declined from Rs. 8,64,926 for 1872-73 to Rs. 2,45,105 for 1873-74. The decrease is due to an overstocked market from previous years' imports.

DATES.—The Imports are in excess of the preceding year of 1872-73, both in quantity and declared value, this is in a measure ascribed to the demand for re-exportation to the United Kingdom and Mauritius. The total Exports in 1873-74 amounted to 21,177 cwts. value Rs. 75,414, against 12,793 cwts. value Rs. 45,701 in the preceding year of 1872-73.

Contrasting the average quantity and declared value of Dates imported during the last six years with the Imports for 1873-74, the result is in favor of the year under review, in quantity amounting to 3,298 cwts., and in value Rs. 16,513, as follows:—

Years.	Quantity, Cwts.	Value, Rupees.
1867-68	1,24,936	4,14,264
1868-69	65,995	2,28,279
1869-70	1,39,882	4,65,804
1870-71	1,45,564	4,72,215
1871-72	96,810	3,25,448
1872-73	95,540	3,30,930
Total	6,63,727	22,36,440
Average of six years	1,11,454	3,72,740
Imports for 1873-74	1,08,156	3,56,227
Decrease in 1873-74	3,298	16,513

COAL.—Shews increased Imports in 1873-74 in quantity 58,442 cwts. and in value Rs. 1,01,360. It is not out of place to note that Coal has for the first time been imported into this Province from Australia and from Calcutta, 17,800 cwts. in value Rs. 26,700 from the former, and 13,948 cwts. value Rs. 23,410 from the latter port.

GRAIN AND PULSE.—The Imports in Rice during the last two years have been for 1872-73, 26,034 cwts. valued at Rs. 1,45,883, and in 1873-74, 11,178 cwts. of the value of Rs. 64,694, these figures exhibit a decrease in the declared value of Imports for the year under review of 14,356 cwts. in value Rs. 81,189, due no doubt to the Famine in Bengal.

In the Imports of almost all other varieties of grain, there has been an increase, particularly in Wheat from Bombay, the Imports of which alone exceed by 22,506 cwts. value Rs. 79,354 the Imports of the preceding year, 1872-73.

HIDES AND SKINS.—The Imports for 1873-74, although largely in excess of previous years, are not one-fifth part of what they amounted to in 1872-73, owing to less Imports from Bombay during the rains for the purpose of being cured in the drier climate of Kurrachee previous to Export to Foreign Ports.

IVORY.—Shews an improvement over the previous year, the Imports being 29,377 lbs. of the declared value of Rs. 1,30,372 for 1873-74, against 25,296 lbs. of the value of Rupees 1,10,611 in 1872-73.

GENERAL REMARKS—continued.

JUTE, MANUFACTURES OF.—From increased Exports in ON Seeds and Increased Imports in Gunny Bags. Wheat, a larger importation of Gunnies has taken place, 12,67,164 Nos. of the declared value of Rs. 5,06,666 have been imported in 1873-74 against 8,86,704 Nos., value Rs. 3,65,773 in 1872-73. The increase is in Imports direct from Calcutta.

LIQUORS.—ALE BEER AND PORTER.—Shew increased Imports for 1873-74. Increased Imports in Ale, Beer, and Porter. amounting in quantity to 14,983 gallons of the declared value of Rs. 65,742.

SPIRITS.—The Imports from the United Kingdom direct are in excess of the preceding year by 6,138 gallons of the declared value of Rs. 27,110.

From Bombay they have fallen off in quantity amounting to 6,926 gallons value Rs. 67,852, from it is said there being no longer facilities for evading the Government duty of Rs. 3 per gallon by importing Spirits at 2½ per cent. duty as Portuguese Goods through the Portuguese Territory of Damann into Surat and thence to Bombay and Sind. The firm privilege permitting Portuguese Goods to pass at 2½ per cent. duty having ceased under Government Notification dated 8th November 1872.

MACHINES AND MACHINERY.—Shew a decrease amounting to Rs. 1,10,165 from less Imports of Machinery for the purposes of Navigation and Manufacture. The declared value of the Imports in 1873-74 was Rs. 90,421 against Rs. 2,00,586 in the preceding year.

METALS.—The Import Trade in Copper for 1873-74 shows but slight improvement, the increase being only Rs. 8,866. Slight increase in Imports of Copper. The whole Imports have mostly been in wrought Copper from Bombay.

IRON.—There has been a small decrease in the declared value of Imports for 1873-74 amounting to Rs. 49,553, they have mostly been in wrought Iron from Bombay.

The declared value of Imports in "SPELTER" and "STEEL" also show a decline, the former by Rs. 66,523, and the latter by Rs. 56,777, these have also been for the most part from Bombay.

PROVISIONS AND OILMANS' STORES.—The declared value of Imports amounted for 1873-74 to Rs. 1,86,921 against Rs. 2,25,782 in 1872-73, being a decrease for the year 1873-74 amounting to Rs. 38,861. This decrease is on account of diminished imports in Ghee from the Persian Gulf due to an unfavorable Market.

SILK RAW.—The Imports show a decrease in comparison with the preceding year of 1872-73, the falling off being 23,356 lbs. of the declared value of Rs. 37,893.

SILK PIECE GOODS.—Shew also a considerable decrease, owing to an overstocked Market from previous years' Imports.

SPICES.—There is a decrease in the declared value of Imports for 1873-74 to the extent of Rs. 1,49,735, chiefly from less Imports in "PEPPER, BETELNUT AND TURMERIC," from Bombay, amounting in the aggregate to Rs. 22,471 out of the declared value of Rs. 1,17,522.

The decrease is due in some degree to low prices prevailing in the interior, and to an overstocked market from previous Imports in BETELNUT AND TURMERIC.

SUGAR.—The Import Trade in Sugar and other Saccharine matter for 1873-74 is somewhat in excess of the previous year in quantity amounting to 700 cwts., but less in value amounting to Rs. 7,955. The quantity and declared value of the Imports in Sugar for the year 1873-74 contrasted with the average of the quantity and declared value of Imports in the previous six years shews an increase in favor of the year under notice in quantity amounting to 6,440 cwts. of the value of Rs. 95,383.

TEA.—The Imports shew a serious decline, owing to the competition of Indian Hill Teas; the following figures exhibit the falling off in this trade during the last three years both in quantity and declared value. The large Imports in former years were mostly for Afghanistan.

YEARS.	Quantity, lbs.	Value, Rs.
1867-68	5,83,788	8,08,987
1868-69	8,30,011	5,41,362

There were no Imports from any Ports in Burmah in 1872-73.

WOOLLEN GOODS.—The Imports fall short of the previous year by Rs. 38,916, which may be accounted for, to some extent, by increased Imports in Apparel, including Haberdashery and Millinery, in value amounting to Rs. 33,646.

EXPORTS.

The declared value of Merchandise exported in 1873-74, not including Treasure, is in excess of that for the corresponding period of the preceding year by Rupees 14,08,893, the increase is due to increased exports in—

Grain and Pulse, amounting to.....	Rs. 10,09,640
Oil Seeds.....	15,42,563
Provisions.....	1,12,449

The declared value of exports of Merchandise to "INDIAN PORTS" for 1873-74 contrasted with the preceding year exhibits a decrease amounting to Rupees 42,28,599 made up of less exports of—

Grain and Pulse, amounting to.....	Rs. 21,04,347
Hides and Skins.....	3,74,178
Oil Seeds.....	2,46,175
Wool, Raw.....	16,63,390

Total Rupees 43,88,090

To Foreign Ports there has been an increase in the declared value of Merchandise exported, amounting to upwards of half a million sterling, the exact figures are Rupees 56,87,492 contrasted with the preceding year 1872-73.

The increase in the value of Merchandise to Foreign Ports in 1873-74 is due to increased exports in Wheat amounting to 7,79,647 cwts. of the declared value of Rupees 38,73,156 against 1,71,404 cwts. of the declared value of Rupees 7,62,845 shipped in the preceding year of 1872-73, also to increased exports in Oil Seeds in quantity 8,55,647 cwts value Rupees 17,88,744, and in Raw Wool 31,94,812 lbs. value Rupees 17,23,335.

The following particulars of the declared value of the principal items of Merchandise in the export trade contrasted with the preceding year of 1872-73 are noted.

COTTON RAW.—The total quantity and declared value of exports of this staple in 1873-74 are less by 10,21,770 lbs. value Rupees 5,51,939 than in the preceding year 1872-73.

The shipments to the United Kingdom are also less by nearly one-half from continued ruling low rates in the Europe Market; there is little chance of any improvement in the trade of Cotton from Sind.

FRUITS.—Exhibit an increase in the declared value of exports for 1873-74 amounting to Rupees 73,091, from large exports of Dates to the United Kingdom and to the Mauritius.

HIDES AND SKINS.—The exports have decreased from 8,29,258 pieces of the declared value of Rupees 13,39,540 for 1872-73 to 8,43,230 pieces of the declared value of Rupees 5,16,387 in 1873-74.

The large exports in 1872-73 were due to enhanced rates and to excessive mortality among cattle from scarcity of pasture and water. The exports for the past year of 1873-74 contrasted with the average quantity and declared value of the exports of the preceding six years exhibit the following results, that is 1,513 pieces of the value of Rupees 20,291 in favor of the year 1873-74.

GRAIN AND PULSE.—The declared value of exports in the past year of 1873-74 exceeded those of the preceding year by Rupees 10,09,640. The increase is entirely in Wheat shipped and despatched by Steamers through the Suez Canal. The shipments for 1873-74 are the largest on record and exceed the total exports of Wheat during the preceding five years by 2,84,246 cwts. value Rupees 16,52,181, and the exports in the preceding year of 1872-73 by 5,72,543 cwts. value Rupees 29,93,932.

The total quantity and the declared value of exports in Grain of other sorts to Foreign Ports, not including Wheat, shew a large decrease. The quantity exported in 1873-74 being only 4,99,904 cwts. of the declared value of Rupees 12,54,182 against 10,64,854 cwts. value Rupees 31,43,474 in the preceding year of 1872-73. To these totals each Port in the Province of Sind contributed in the following proportions—

Ports.	1873-74.		1872-73.

Decrease in 1873-74.....			5,97,953	18,89,292

The total declared value and quantity of exports of GRAIN AND PULSE to Indian or Home Ports for 1873-74 falls short of the exports in the preceding year by 5,93,338 cwts. value Rupees 18,92,968, which is considerably over one-half.

INDIGO.—Shows improved exports in 1873-74 by 499 cwts. of the declared value of Rupees 20,782. To the Persian Gulf the exports in 1873-74 exceed the preceding year by 1,273 cwts. of the declared value of Rs. 99,975.

JUTE, MANUFACTURES OF.—Considerable exports have taken place in Gunny Bags to Bombay, from an overstocked Market. The declared value exported in 1872-73 was Rupees 21,974. For 1873-74 it amounted to Rupees 1,08,812.

PROVISIONS AND OILMANS' STORES.—Shew increased exports for the past year of 1873-74 to the extent of Rupees 1,12,449 from larger shipments to Indian Ports, chiefly Bombay, in Ghee—8,369 cwts. of the declared value of Rupees 3,28,470 was exported in 1873-74, against 4,997 cwts. of the declared value of Rupees 2,21,330 in the preceding year.

SALTETRE.—The exports have decreased by 9,571 cwts. of the declared value of Rupees 63,399, or over one-half. The entire decrease is from less exports to Bombay.

GENERAL REMARKS—continued.

OIL SEEDS.—The exports have increased in quantity more than four-fold over the preceding year from a more sufficient and seasonable rainfall. They have been to Ports in Europe, also to Bombay.

TIMBER AND WOOD.—The declared value of exports in 1873-74 exceed that of 1872-73 by Rupees 65,293 from increased shipments to Cutch of Teak Timber imported into Kurrachee from Moulmein. The value of exports of Timber and Wood to Cutch for 1872-73 was Rupees 3,378 for 1873-74, the year under review, the declared value was Rupees 1,03,722.

WOOL RAW.—The total exports of this staple for 1873-74 exhibit when contrasted with the preceding year a decrease in quantity exported, amounting to 7,25,178 lbs., but an increase in the declared value amounting to Rupees 59,945. This increase in value is said to be due to the superior quality of the Wool exported to the United Kingdom in 1873-74, to its having been for the most part properly washed and cleaned, whereas in 1872-73 a large quantity of unwashed Wool was forwarded.

The quantity of Wool exported to Bombay in 1873-74 falls short of the preceding year by over one-third, on the other hand the quantity shipped direct to the United Kingdom has more than doubled, owing to the large direct tonnage available via the Suez Canal.

MISCELLANEOUS.

Navigation.—The total number and tonnage of Sailing Vessels and Steamers entered and cleared at the Ports in this Province during the year 1873-74 was—

Entered.	Cleared.
No. Tonnage.	No. Tonnage.
1,484 1,77,197½	1,505 1,77,755

against in the preceding year of 1872-73—

Entered.	Cleared.
No. Tonnage.	No. Tonnage.
2,194 1,70,194½	2,213 1,73,073½

It will be observed that while the total number of Vessels arrived and departed in 1873-74 has decreased by 710 and 708 respectively, owing to the smaller number of native coasting craft trading to and from the Ports in Sind, the tonnage is in excess of the preceding year by 7,003½ tons in arrivals and 4,631½ tons in departures. This increase is due entirely to the greater number of Steamers of larger burden trading with Kurrachee in 1873-74 via the Suez Canal, also for a portion of the period only about 8½ months, to the running of bi-weekly Mail Steamers under contract with Government between Kurrachee and Bombay instead of the one Weekly Mail Steamer.

The following figures exhibit the number and tonnage of Steam Vessels that entered and cleared at this Port via the Suez Canal contrasted with the preceding year of 1872-73—

Entered.	Cleared.
No. Tonnage.	No. Tonnage.
In 1873-74... 10 8,301½	33 29,671
In 1872-73... 5 4,390	6 5,390
Increase in 1873-74... 5 3,911½	27 24,281

REVENUE.—The total receipts on account of Customs dues on goods imported and exported in 1873-74 (from the 1st of April 1873 to the 31st March 1874) amounted to Rupees 3,74,961-13-0 against Rupees 4,85,413-10-4 realized in the preceding year of 1872-73, showing a decrease of Rupees 60,451-13-4 for 1873-74, the year under review.

The aggregate collections from all sources amounted for 1873-74 to Rupees 4,14,475-1-4 against Rs. 4,74,256-9-4 in the preceding year of 1872-73.

The Import Duty collected in 1873-74 is (it will be observed) in excess of the amount collected in the preceding year of 1872-73 by Rupees 3,145-13-2.

On the other hand the collections on account of Export Duty are less by Rupees 63,597-10-6, not from any falling off in the value of the Export trade, for this has increased as shown below—

VALUE OF EXPORTS IN MERCHANDISE ONLY.

In 1873-74.....	2,72,89,690
In 1872-73.....	1,98,25,767
Increase in 1873-74.....	14,63,893

but in consequence of less demand for Grain and Pulse from Khetty Bunder (at the mouth of the Indus) to Ports in Cutch and Kattywar, also to Government Notification No. 41 of the 4th January 1873, exempting Wheat from duty on export at 3 annas per Indian maund, by which a total export duty amounting to Rupees 2,09,721 or upwards of two lacs has been lost to the Customs Revenue during the year under review (1873-74.)

The small increase in Import duty in 1873-74 amounting to Rupees 3,145 in excess of that of 1872-73, is from Liquors, the collections under this head for 1873-74 exceeding those of the preceding year by Rupees 23,278. There have also been increased realizations under FRUITS AND VEGETABLES by Rupees 1,771 from increased imports in Dates from the Persian Gulf, also in RAILWAY MATERIAL from the United Kingdom by Rupees 7,440.

On the other hand the Import duty for 1873-74 on Cotton Goods falls short of 1872-73 by Rupees 19,561 from less imports of Cotton Piece Goods direct from the United Kingdom. ON PROVISIONS AND OILMEN'S STORES by Rupees 2,728, from less imports in Ghee from

GENERAL REMARKS—continued.

the Persian Gulf. ON SILK AND MANUFACTURES OF SILK by Rupees 1,198 from less imports from the Gulf, and in Apparel by Rupees 1,831.

The decrease in Export duty during 1873-74 amounting to Rupees 63,597 when distributed between the Sind Ports, gives the following proportions—

Kurrachee.....	Rs. 631
Khetty Bunder, mouth of the Indus „	60,523
Seergunda.....	„ 2,443

Total Rs... 63,597

It will be observed that the principal decrease in Export Duty realized in 1873-74 is at Khetty Bunder at the mouth of the Indus. It is to be ascribed to less collections from GRAIN AND PULSE. The expert duty on this staple commodity from all the Ports in Sind for 1873-74 amounted to Rupees 63,379 only,

Chief decrease in export duty at Khetty Bunder due to less exports of grain.

against Rs. 1,80,250 in 1872-73, shewing a net decrease for 1873-74 of Rupees 1,16,871.

At Khetty Bunder alone the Export Duty on GRAIN AND PULSE for 1872-73 amounted to Rupees 86,227, for 1873-74, the year under review, it did not exceed Rupees 28,522, from less demand to Ports in Cutch and Kattywar for GRAIN AND PULSE, not including Wheat.

The collections of Export Duty on Oil Seeds have largely increased from Rupees 7,975 in 1872-73 to Rupees 57,337 in 1873-74, the increase amounting to Rupees 49,362 is from larger shipments of Rape and Gingelly Seed to Europe. There has also been an increase of Rupees 3,853 on Indigo from increased exports to the Persian Gulf.

The Duty PRO-FORMA assessed on State Railway Material imported during 1873-74 was Rupees 29,889. In the previous year of 1872-73 it amounted to Rupees 1,545 only. If this pro-forma duty together with the total amount of nominal duty on Wheat exported to dutiable Ports during the past and previous year is added to the total actual Customs Revenue realizations for the two years, the result is in favor of the year 1873-74 by Rupees 1,62,734.
